

ENVIRONMENTAL POLICY

Strive to minimize our environmental impact by...

- Continually reduce our environmental aspects via our goals and targets
- Preventing pollution caused by our activities
- Ensuring compliance with applicable international, national and local environmental laws and regulations
- Assessing the environmental aspects in every major decision and investment
- Integrate the environmental activities in their daily work

Hill-Rom Luleå (Liko AB) is aware of our environmental impact and we strive for continuous environmental improvements for a sustainable development over time.

Know how your daily work affects the environment and how you can minimize that effect.
